## Air Safety Experts

**The Right Choice.** DVI Aviation has investigated hundreds of aviation related accidents, failures, and calamities for the insurance and legal industry.

DVI provides independent and unbiased analysis based upon the use of scientific methodologies, physical and factual evidence, and industry best practices.

**Real Aviation Experience.** Our industry credentials are irrefutable and range from International Air Safety Investigators, to highly degreed Aerospace Engineers, to Metallurgists, to Professional Pilots, to Aircraft Maintenance Technicians, and to Aviation Human Factor Specialists.

**Global Presence - Local Services.** DVI Aviation is a U.S. corporation headquartered in Chicago, with offices in Shanghai-China and Sao Paulo- Brazil. DVI has a global network of technical resources, testing laboratories, and is a vendor to multi-national law firms and insurers.

**Good Experts are Hard to Find.** Our staff is a world-class team of aviation experts that brings practical and easily understood solutions to complex technical issues.
